1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a water and sewer customer of Carolina Water Service, Incorporated in the Maple Grove subdivision in Lexington, SC. I am considered part of the "I-20" water system, am a "Water Distribution Only" customer, and a standard sewer customer.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I am protesting the increase in the water fees. I do not agree with the new Carolina Water Service proposed rates because supply charge fluctuates drastically and is not auditable. and Current water fees are almost double the amount of Richland County water fees.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

NO

The pass-through mechanism is unfair. I should NOT be paying for water waste treatment plants. The water should be metered not estimated. and should not be included in water customer's rate calculations or charges. I should not have to pay for variable costs the utility could control better but doesn't.
